## Summary

Frontend Developer with expertise in React.js, JavaScript, and responsive UI development. Experienced in REST APIs, Agile development, testing, and cloud deployment (AWS/GCP basics).

## Education

**Master of Computer Applications** (2024–2026)

- Maharishi Markandeshwar Deemed University, Mullana, Ambala, Haryana

**Bachelor of Computer Applications** (2020–2023)

- Magadh University, BodhGaya, Bihar

**Intermediate (Science)**

- Gaya College, Gaya, Bihar

## Technical Skills

- Languages:** Java | C++ | Python | SQL
- Web Technologies:** HTML | CSS | JavaScript | React.js | JavaFX
- Backend :** Spring Boot | Node.js | MongoDB | REST APIs
- Testing & Tools:** Git | GitHub | Junit | Agile

## Internship Experience

**Xplore Internship** – Web Development Internship

- Built a **College Management System** using the MERN stack with role-based dashboards for Admin, Teachers, and Students.
- Developed secure authentication and RESTful APIs for managing student records, attendance, and courses.
- Designed a responsive UI using React Bootstrap, ensuring a smooth user experience.
- Worked with MongoDB for efficient storage and retrieval of student and teacher data.

## Projects

**Auto Timetable Management System** (Feb 2025 – April 2025)

Tech Stack: Java | JavaFX | SQLite | OOPS

- Built a responsive desktop UI using JavaFX with 100% error-free navigation.
- Implemented editable views, login systems, and reduced scheduling conflicts by 90% through real-time conflict detection.

**Smart Eme – AI Email writing** (May 2025– July 2025)

Tech Stack: HTML | CSS | JavaScript | React | Java | Spring AI | Chrome Extension

- Developed a Chrome extension and React.js dashboard that integrates with Gmail API to summarize, classify, and auto-draft emails using AI.
- Built backend with Spring Boot for authentication and AI response generation, boosting email productivity by ~40%

## Certifications

- HTML, JavaScript, Bootstrap & React – YouAccel Training
- Java SE – Atulya Computer Institute
- Docker Essentials: A Developer Introduction – IBM Developer Skills Network
- MongoDB Basics – MongoDB, Inc. (2024)

## Achievements

- Solved 300+ coding problems on CodeChef
